Chief Financial Officer Programme

Duration: 10.5 months | Live Online

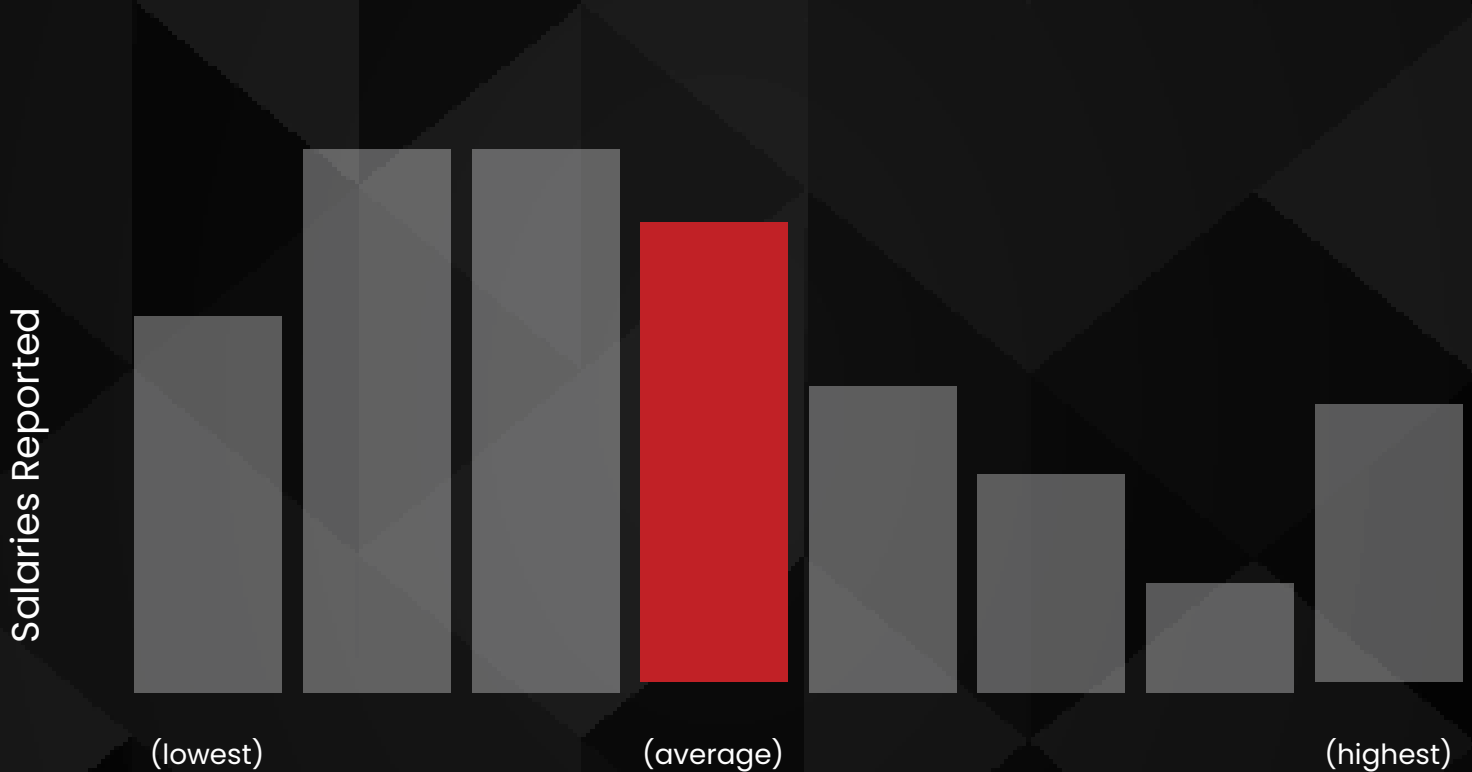

Programme offered by Continuing Education Programme (CEP), IIT Delhi

→ WHY DO COMPANIES NEED A CHIEF FINANCIAL OFFICER

Companies need Chief Financial Officers (CFOs) to provide essential financial leadership and strategic direction. CFOs oversee financial planning, risk management, and record-keeping, ensuring the company's financial health and compliance with regulations. They analyze financial data to guide decision-making, support growth initiatives, and maximize profitability.

→ PROJECTED AVERAGE ANNUAL SALARY

CFO salary in India ranges between ₹ 12.0 Lakhs to ₹ 101.0 Lakhs with an average annual salary of ₹ 53.5 Lakhs. Salary estimates are based on 2.4k latest salaries received from CFOs.

AMBITION BOX, 2024

→ PROGRAMME OVERVIEW

A Chief Financial Officer (CFO) Programme is a comprehensive training and development course designed to equip financial professionals with the skills and knowledge necessary to excel in executive financial leadership roles. This programme typically covers a wide range of topics, including advanced financial management, strategic planning, corporate governance, risk management, and financial reporting. Participants gain insights into best practices for overseeing company finances, driving growth, and enhancing profitability. The curriculum often includes case studies, practical exercises, and mentorship from experienced CFOs, providing a real-world perspective on the challenges and opportunities faced by financial leaders.

➔ ABOUT IIT DELHI

The Indian Institute of Technology Delhi (IIT Delhi) is one of the 5 initial IITs established for training, research and development in science, engineering and technology in India. Established as College of Engineering in 1961, the Institute was later declared as an Institution of National Importance under the "Institutes of Technology (Amendment) Act, 1963" and was renamed as "Indian Institute of Technology Delhi". It was then accorded the status of a Deemed University with powers to decide its own academic policy, to conduct its own examinations, and to award its own degrees. NIRF Rank 4 in Management Category 2024. Since its inception, over 40,000 students have graduated from IIT Delhi in various disciplines including Engineering, Physical Sciences, Management and Humanities & Social Sciences. Of these, nearly 5070 received PhD degrees. The rest obtained a Master's Degree in Engineering, Sciences and Business Administration. These alumni today work as scientists, technologists, business managers and entrepreneurs. There are several alumni who have moved away from their original disciplines and have taken to administrative services, active politics or are with NGOs. In doing so, they have contributed significantly to the building of this nation, and to industrialisation around the world.

→ ABOUT CONTINUING EDUCATION PROGRAMME (CEP)

Executive Education is a vital need for the organisations to build a culture that promotes newer technologies and solutions and builds a workforce that stays abreast of the rapidly transforming needs to the technological, business and regulatory landscape. Committed to the cause of making quality education accessible to all, IIT Delhi has launched Online Certificate Programmes enabling Virtual & Interactive-learning for Driving Youth Advancement @IITD for Indian as well as international participants.
