TECHNOLOGY JAMMU

# PG CERTIFICATE PROGRAM IN DIGITAL AND NEURO MARKETING

*Elevate your marketing skills and boost your career potential*

# 6 Months | Online | Immersive Sessions | Graduate from an IIT

## Experience Education Like Never Before - Get the IIT Jammu Advantage

IIT Jammu is recognized as an “Institute of National Importance” under the “Institutes of Technology Act” of 1961. IIT Jammu is an autonomous public higher education institute that operates under the governance of the IIT Council and receives funding from the Government of India.

Inaugurated on 6th August 2016, IIT Jammu opened its doors to the first batch of students at its campus in Paloura, Jammu. During its initial phases, the institute benefited from the mentorship of IIT Delhi.

In 2018, IIT Jammu shifted its primary operations to the Main Campus located in Jagti, Nagrota. The Government of Jammu and Kashmir generously provided 400 acres of land for the establishment of the permanent campus. Currently, Phase 1A of the main campus, covering 25 acres, is fully operational, while Phase 1B and 1C are under construction.

The Paloura campus currently accommodates PhD scholars and is being developed into a cutting-edge research facility.

Situated on National Highway 44, the main campus of IIT Jammu is conveniently located approximately 15 kilometers from the airport, offering easy accessibility to students and faculty alike.

## Program Overview

Through the online PG Certificate in Digital and Neuro Marketing at IIT Jammu, students will explore the principles, strategies, and emerging trends in digital marketing, as well as delve into the fascinating realm of neuro marketing, which delves into understanding consumer behavior and decision-making processes. This certification program is designed to empower marketing professionals and graduates with the knowledge and skills needed to navigate the dynamic landscape of digital and neuro marketing.

## Who Can Apply? - Course Eligibility

**Academic Background:** Candidates with a bachelor's degree in any field are welcome to apply.

**Language Skills:** Instruction will be primarily in English. Applicants should possess a solid grasp of the language and be able to communicate effectively, both in writing and verbally.

## Who Is This Program For?

Professionals keen on staying updated with the latest marketing trends and innovations, especially those rooted in digital technologies and neuroscience principles.

Marketing executives, managers, and professionals seeking to enhance their expertise in digital marketing techniques and understand the psychological aspects of consumer behavior.

Recent graduates or students looking to start a career in Digital and Neuro-Marketing.

Sales representatives and business development professionals interested in enhancing their sales strategies and customer relationships.

Individuals passionate about digital marketing, online branding, and consumer psychology who want to gain a formal certification in these areas.

## Program Objectives

To provide students with a comprehensive understanding of both digital and neuro-marketing.

To introduce the foundational concepts of the human brain and its role in consumer behavior.

To equip students with the techniques and tools used in neuro-marketing and digital marketing.

To analyze real-world case studies and understand the ethical considerations in the field.
